Victory rarely seemed attainable to the Urbana College Blue Knights soccer squad. Despite the school's constant backing and the team's overpowering determination and spirit, the newness of the sport at UC resulted in inexperienced players and defeat...

One of the refined and cultural aspects of the past year's activities at Urbana College occurred in the form of long-haired music. Both college and community participated in the enjoyment as the Springfield Symphony performed, featuring pianist, Mrs. Clarence Brown, and vocalist, Mrs. Paul Zehner.

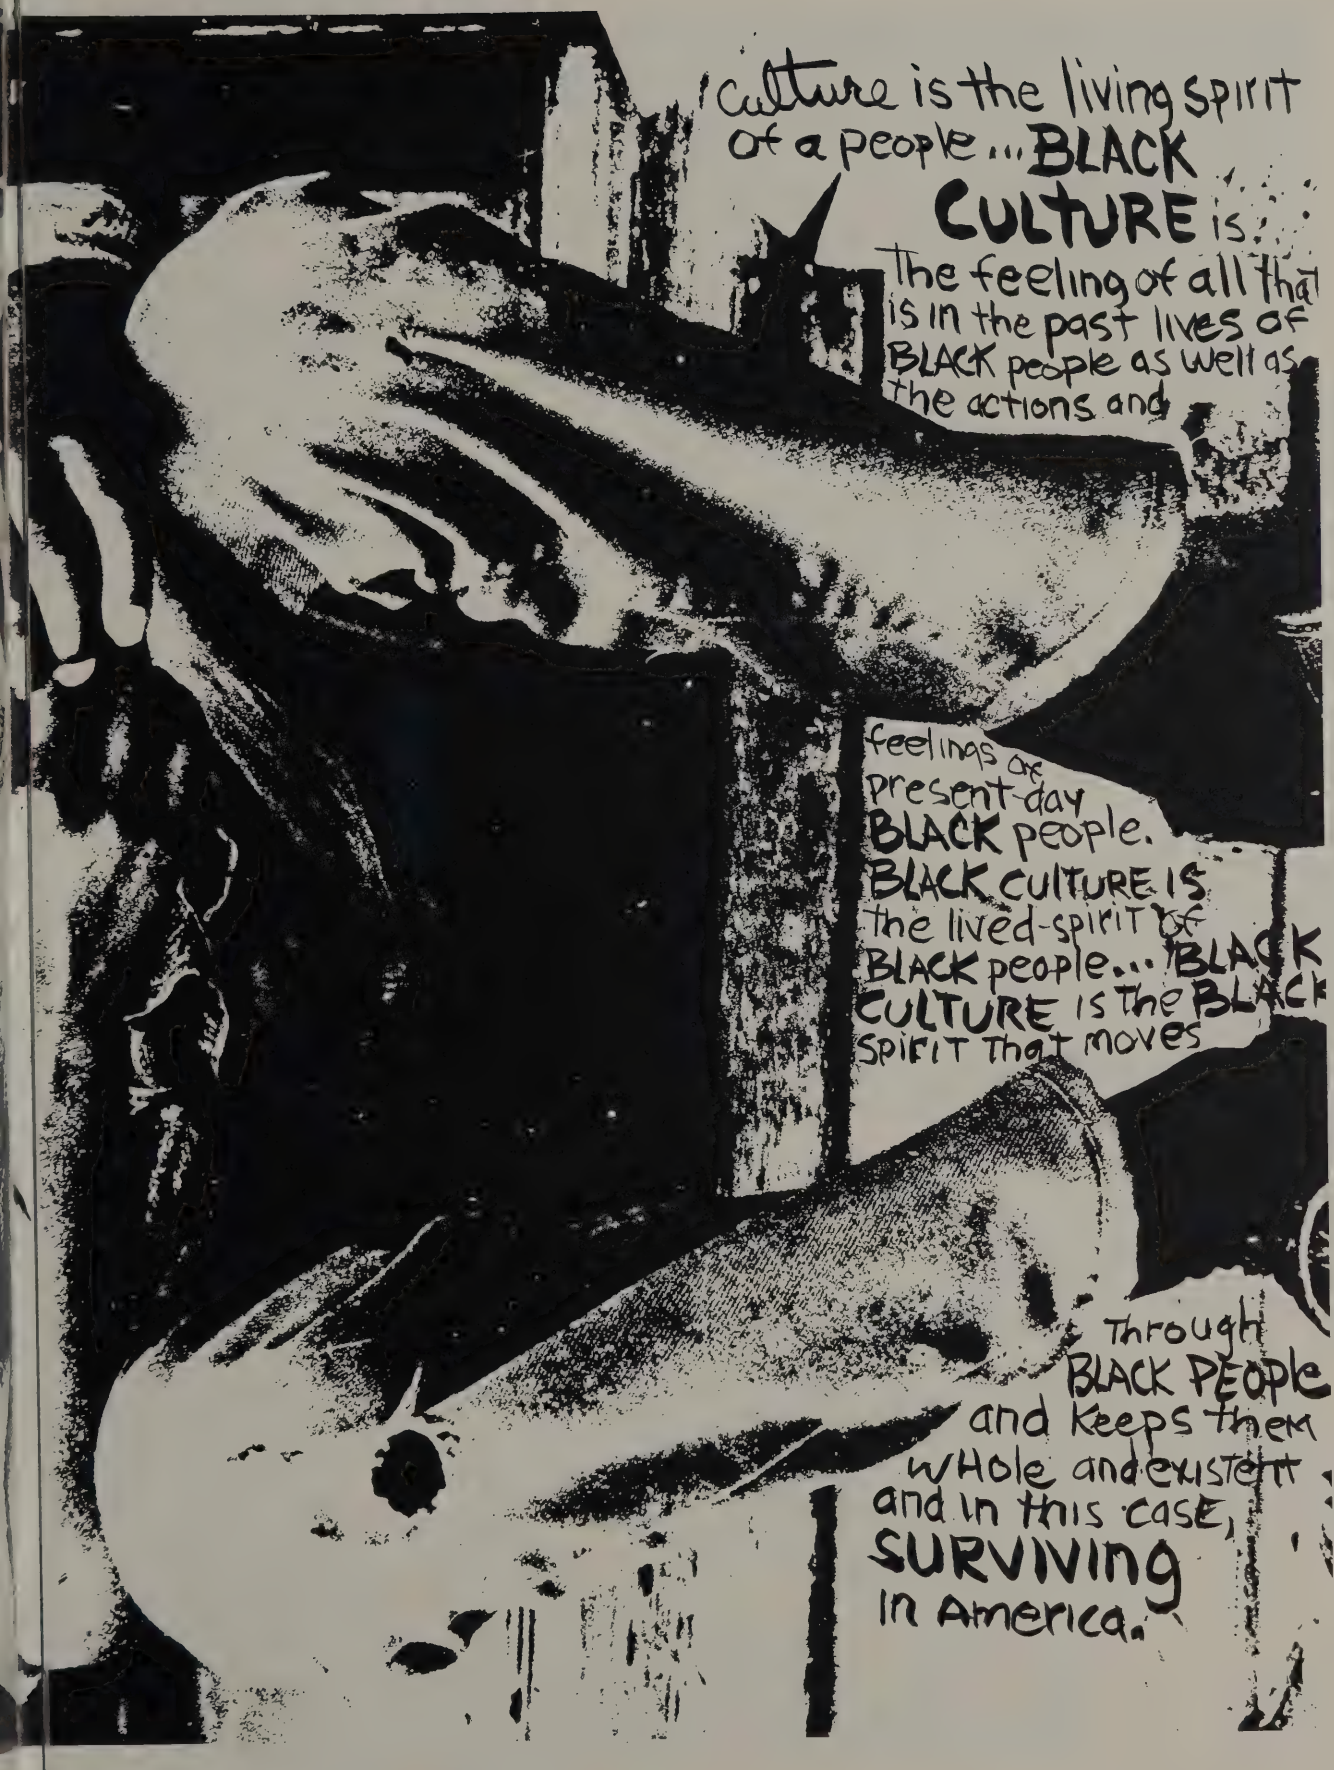
SOUL



Culture is the living spirit of a people... BLACK CULTURE is: The feeling of all that is in the past lives of BLACK people as well as the actions and
feelings of present-day BLACK people. BLACK CULTURE IS the lived-spirit of BLACK people... BLACK CULTURE is the BLACK spirit that moves
through BLACK PEOPLE and keeps them whole and existent and in this case, SURVIVING in America.

A certain sense of coolness and understanding prevailed during Urbana College's Black weekend as the Whites and Blacks of the Urbana area discovered the meaning of Black culture together.

PERSPECTIVES

Remember KENT STATE? Remember WHY students were demonstrating throughout the country? Remember MAY 5, Wednesday, 9:00A.M., in the URBANA COLLEGE COMMUNITY CENTER: A panel will discuss the economic and historical factors of U.S. involvement in Southeast Asia. A prayer for the war dead lead by Dr. Dorthea Harvey will preceed the discussion and an informal rap session will follow the debate.

Scheduled appearances by many widely known speakers assisted in making the lives of the Urbana College students and the people of the community eventful. One of these outstanding persons, Tom Wolfe, a contemporary writer and author of the controversial KOOL-AID ACID TEST, came to the UC campus formally speaking and informally discussing drugs, campus life, the discovering of oneself and other happenings of NOW...
